

3rd Age spirituality

Discipleship resources, community, an event and more...

You are invited to a day of resourcing you to enable the spiritual development of the many people in our churches living in their 3rd Age.

Date; Monday 2nd October 2017

Times; 10-2:30

Venue; Walkden

An engaging and interactive day led by Mark Davies from Shoreline Conversations.

Third Age is defined as a period of 'active retirement' and is sometimes labelled 'new middle age.' It is distinct from the Fourth Age which describes more dependant people who are less robust. Neither category is wholly correlated with chronological age. MC/13/40

3rd Age spirituality

A supportive community of those ministering to those in the 3rd age.

- How this vital ministry is empowered and enabled is more than putting on events like the one in October.
- Those at the event in October, and those who came to the 1st event with Joanne Cox, will be encouraged to become self sustaining community around our shared interest and offer to one another our expertise.
- Check out the new spirituality menu which includes resources for those in the 3rd Age.
